## PHOENIX Link2Uni

- Free academic counselling and career advice
- High school, college and university enrolment service

"Originally I was enrolled for just a 6 week General English Course after my friend came to Phoenix Academy a year before me and had and recommended it to me. I loved studying in Perth so much I ended up enrolling in a undergraduate course at Edith Cowan University in Mechanical Engineering which I will do for the next 4 years! I really like the lifestyle in Perth, it is a beautiful city with perfect weather and has a great night life. My favourite things about studying at Phoenix Academy were my teacher and the fun events that regularly happen. In particular I really liked the Beach Volleyball Competition and the Aussie BBQ's the school hosts as it was a great opportunity to meet students from all the different courses Phoenix offers. Overall I am very happy to be in Perth, the decision to study abroad for that initial 6 weeks has changed my life forever!

**Gerald from Italy**

Pathway - General English + E.A.P into ECU Undergraduate in Mechanical Engineering
